

- **BSc in Biology with Honors (2003), University of Ottawa, CANADA**
- **MSc in Neuroscience (2005), University of Basel, SWITZERLAND**
Supervisor: Prof. Yves-Alain Barde
Thesis title: “Embryonic stem cells as a tool in developmental neurobiology”
- **PhD in Neuroscience (2009), University of Basel, SWITZERLAND**
Supervisor: Prof. Yves-Alain Barde
Thesis title: “Instructive functions of Neurotrophin receptors”
- **EMBO long term postdoctoral fellowship (2011), IMBB, GREECE (lab of Nektarios Tavernarakis)**
“Mechanisms of hormesis in neurons”
- **Marie-Curie Career start fellowship (2014), IMBB, GREECE**
“Regulation of autophagy in the mammalian brain”
- **Group Leader, Assistant Prof. Grade, IMBB, GREECE**
“Neurophagy Lab” funded by an ERC starting grant
